RODOLPHE BOUDREAU,

my12 Clerk of the Privy Council.

DOMINION ORDERS IN COUNCIL.

[729.]

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Wednesday, the 20th day of April, 1910.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

HIS Excellency in Council is pleased, under the provisions of section 37 of the "Dominion Lands Act," 7-8 Edward VII., chapter 20, to order that the Regulations for the disposal of coal-mining rights established by Order in Council of the 9th of May, 1907, and amending Orders in Council, dated respectively 16th February and 9th December, 1909, shall be and the same are hereby rescinded, and the following Regulations established in lieu thereof:—

"Minister" shall mean the Minister of the Interior.

"Surveyed land," for the purposes of these regulations, shall mean a section or a part of a section one of the boundaries of which has been defined by a surveyed line, and one of the corners of which has been marked on the ground by a survey post or mound, and the official plan of which, showing such survey and marking, has been approved by the Surveyor-General.

"Coal-mining location" shall mean a tract of land, containing coal, located or staked in accordance with these regulations.

"Locator" shall mean the person who locates or stakes a coal-mining location, in the manner prescribed in these regulations.

"Year" shall mean a period of twelve consecutive calendar months.

1. The coal-mining rights, which are the property of the Crown in the Province of Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-west Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half million acres of land acquired by the Dominion Government from the Province of British Columbia, and referred to in subsection (b) of section 3 of the "Dominion Lands Act," may be leased by the Minister at an annual rental of \$1 per acre, payable yearly in advance:

Provided, however, that these regulations shall not apply to School Lands or to any land comprised within the Rocky Mountains Park of Canada, or within Dominion Forest Reserves, or to land within the Jasper Forest Park of Canada, or other reserves made by Parliament, or by Order of the Governor in Council, or to land within any incorporated city, town, or village, unless otherwise specially provided by the Governor in Council.

The term of the lease shall be twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence, satisfactory to the Minister, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the regulations regarding the disposal and operation of coal-mining rights which may have been made from time to time by the Governor in Council.

2. The maximum area of a coal-mining location shall be 2,560 acres, and no person shall be allowed to hold more than one location:

Provided that a person who has been granted a lease for a location, and who subsequently abandons or assigns the same, may, after the expiration of twelve months from the date of the said lease, be permitted to secure another location:

Provided, further, however, that such right of relocation shall not be granted unless all payments on account of rent, royalty, or other liability to the Department, due by such person, have been fully made, up to the date of the registration by the Department of the assignment of his right to such lease, or up to the date upon which the notice of his abandonment of the same was received by the Department.

3. The location applied for, if it comprises surveyed land, shall consist of sections or legal subdivisions of sections, but the several parcels comprising the location must adjoin, and the whole area applied for shall not exceed four miles in its greatest dimension, nor shall the length exceed four times the breadth.

4. Application for a coal-mining location, comprising surveyed land, shall be filed by the locator in person with the agent of Dominion lands for the district in which the location is situated, or with a sub-agent for such district for transmission to the agent, but priority of application shall be based upon the date of the receipt of such application in the office of the agent of Dominion lands for the district, which shall be the office of record for all applications for coal-mining locations. The application shall contain a full description by section, part of section, township, and range of the land applied for.

5. Application for a coal-mining location, situated in unsurveyed territory, shall be filed by the locator in person with the Agent of Dominion lands for the district in which the location is situated, or with a sub-agent for such district for transmission to the agent, within thirty days from the date upon which the location applied for was staked in accordance with section 6 of these regulations. If, however, the location is distant more than 100 miles from the office of the agent, or sub-agent, the locator shall be allowed one additional day for each ten miles, or fraction thereof, in excess of 100 miles. If the application is not filed within the time prescribed, it shall not be considered.

6. Application for a location situated in unsurveyed territory shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The location must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth.

The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

(a.) That the location applied for has been defined on the ground by the locator in person by planting two wooden posts, at least 4 inches square, and standing not less than 4 feet above the ground, such posts being numbered "1" and "2" respectively. The distance between post No. "1" and post No. "2" shall not exceed 21,120 feet, and upon each post shall be inscribed the name of the locator and the date of the location. Upon post No. "1" there shall be written, in addition to the foregoing, the words "Initial Post," the approximate compass bearing of post No. "2," and a statement of the number of feet lying to the right and to the left of the line between post No. "1" and post No. "2": Thus, (Initial post, direction of post No. "2" is feet lie to the right and feet to the left of the line between post No. "1" and post No. "2.")

When the tract which an applicant desires to lease has been located he shall immediately mark the line between post No. "1" and post No. "2," so that it can be distinctly seen, in a timbered locality, by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than 2 feet high and 2 feet in diameter at the base in such a manner that the line may be distinctly seen.

(b.) All the particulars required to be inscribed on posts No. "1" and No. "2" shall be set out in the application, and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the location being shown definitely on the records of the Department.

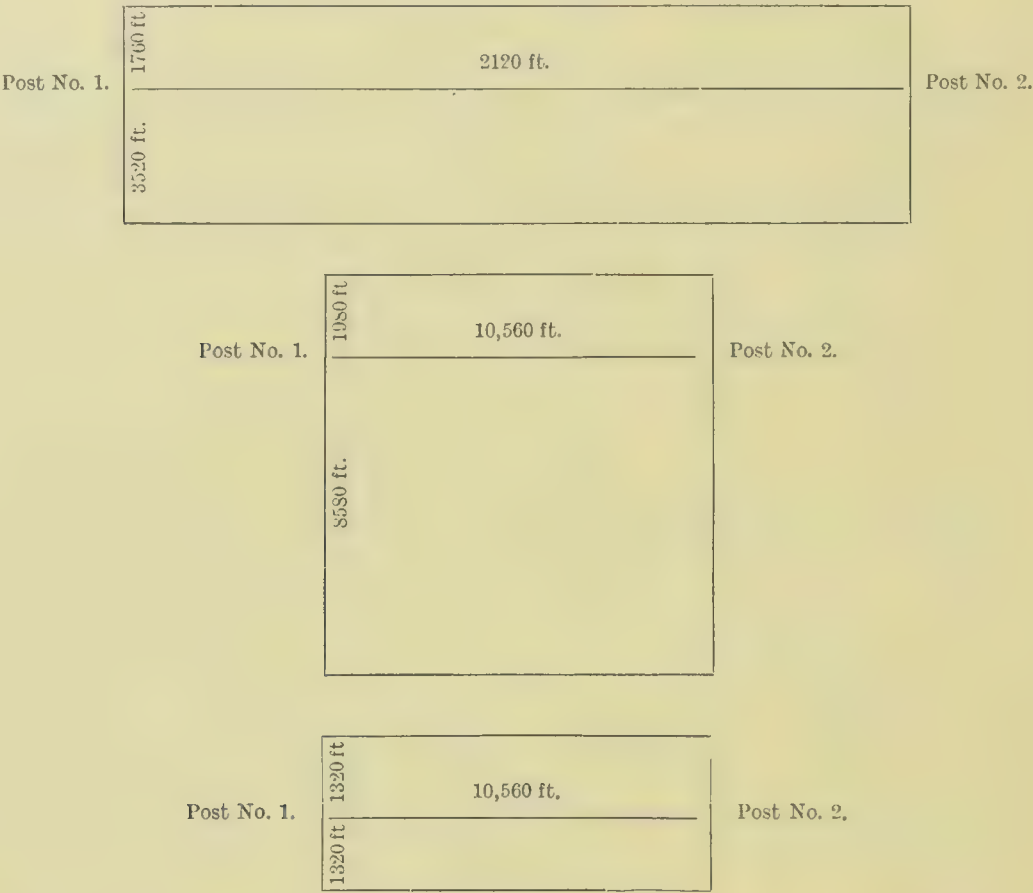

(c.) The locator shall post a written or printed notice on a conspicuous part of the location

applied for, setting out his intention to apply within thirty days from the date of such notice for a lease of the coal-mining rights under the said location.

(d.) The application shall be accompanied by evidence, supported by the affidavit of the locator

in due form, to show that the above requirements of the regulations have been fully complied with.

(For purposes of illustration, the following diagrams are given to show the manner in which coal-mining locations may be laid out in unsurveyed territory.)

7. Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner prescribed in these regulations, and that he made application for a lease thereof within the specified time.

8. As soon as the survey of a township has been confirmed, all coal-mining leaseholds embracing any portion of such township so surveyed and confirmed shall, if the Minister so directs, be made to conform to the Dominion Lands system of survey by the substitution of a new lease describing by sections, legal subdivisions of sections, or regular portions of legal subdivisions, as nearly as may be, the tract embraced in the leasehold in so far as the township so surveyed is concerned.

The balance of the leasehold, which may still be in unsurveyed territory, shall continue to be described as in the lease originally issued, until such portion is included in a confirmed survey.

9. As soon as the survey of a township has been confirmed, all coal-mining leaseholds embracing any portion of the township so surveyed and confirmed shall be subject to the withdrawal forthwith from the lease, without compensation to the lessees, of any portions which, in accordance with such confirmed survey, are found to be the property of the Hudson's Bay Company: Provided, however, that upon such withdrawal being made from any location in good standing, the rental paid on the land so withdrawn, in whole or in part, may, in the discretion of the Minister, be refunded to the lessee.

10. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the proper officer of the Department of the Interior to do so, and shall procure from such operations the quantity of coal specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of coal which the lessee is required to mine and produce at the pit's mouth ready for shipment, which quantity, however, may be increased from time to time, upon thirty days'

notice to that effect being given to the lessee, but in no case shall the maximum quantity required to be mined exceed 10 tons per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of coal is not mined during each year, the lease shall be subject to cancellation in the discretion of the Minister.

11. The lessee shall not assign, transfer, or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

12. The boundaries beneath the surface of coal-mining locations shall be the vertical planes or lines in which their surface boundaries lie.

13. All leases of coal-mining rights issued under these regulations shall be subject to the provision that actual settlers shall be entitled to buy at the pit's mouth whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed \$1.75 per ton, and the lease issued for coal rights shall be made subject to such provision.

14. The lease shall be in such form as may be determined by the Minister of the Interior, in accordance with the provisions of these regulations.

15. A fee of \$5 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

16. If the application is granted, the locator shall be notified in writing, and he shall be given a period of thirty days from the date of the receipt of his application within which to pay to the Agent of Dominion Lands the full amount of the rental for the first year of the term of the lease, at the rate of one dollar (\$1) per acre, and upon the receipt of such rental the lease shall be issued and shall bear date from the day upon which the application was granted. If the rental is not paid within the time specified, the application shall absolutely lapse, and the rights applied for shall become available for other disposition.

17. If during the term of the lease the lessee shall fail to pay the rental in advance for each subsequent year, at the rate of one dollar (\$1) an acre per annum, within thirty days after the date

upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all the rights granted thereunder.

18. If the location is situated in surveyed territory, and the surface rights thereof have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the issue of patent, or if the surface rights have been disposed of temporarily under a terminable grant, the Minister may, in consideration of the expenditure to be incurred by the locator on the tract leased, in prospecting operations, and upon application to that effect, in the proper form, being filed with the agent or sub-agent of the district in which the location is situated, waive the payment of the rental for the first and second years of the term of the lease, subject to the following conditions:—

(a.) Each such application shall be accompanied by a fee of one hundred dollars (\$100), which amount will be deducted from the expenditure which the locator shall be required to incur in prospecting operations on his leasehold during the first year of the term of his lease. Such fee shall be refunded to the locator if the application is not granted.

(b.) Subject to the deduction of the one hundred dollar fee, as provided in the foregoing subsection (a), the locator shall expend in actual prospecting operations upon his leasehold, by recognised methods, during each of the first and second years of the term of his lease, the sum of not less than one dollar (\$1) for each acre of the total area of his location, and shall, prior to the termination of each of the said two years, submit evidence, satisfactory to the agent, supported by affidavit, to show that he has incurred the required expenditure in actual prospecting operations, by recognised methods, on the tract covered by his location. If the lessee fails to submit such evidence in the manner prescribed, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all the rights granted thereunder.

19. In addition to the rent, a royalty at the rate of 5 cents per ton of 2,000 pounds shall be levied and collected on the merchantable output of the mine, and such royalty shall be payable monthly to the agent from the date upon which operations may be commenced. The person operating a mine shall furnish the Agent of Dominion Lands with sworn returns monthly, or at such times as the Minister of the Interior may direct, accounting for the full quantity of merchantable coal mined.

20. Every lessee of coal-mining rights which are not being operated shall furnish the Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

21. Default in payment of the royalty, or in furnishing the returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded by the Agent of Dominion Lands or by his direction, may be followed by cancellation of the lease, or the imposition of a fine in the discretion of the Minister of the Interior.

22. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for, by making false statements of the amount taken out, may, in the discretion of the Minister, be punished by fine, or by the cancellation of the lease in respect of which fraud or false statement has been committed or made. In respect to the facts as to such fraud or false statements or non-payment of royalty or failure to furnish returns, the decision of the Minister of the Interior shall be final.

23. Any Agent of Dominion Lands, or any other officer or person so designated by the Minister, shall have the right to enter upon any land comprised within a coal-mining location, or the workings therein; to examine all records and books of account of the lessee or operator of such mining location, and to make such other examination as may be deemed necessary in order to ascertain whether or not the terms of the lease for such location are being duly complied with.

24. The lease shall include the coal-mining rights only, but the lessee may, upon application, be permitted to purchase at the rate of \$10 an acre whatever area of the available surface rights thereof the Minister may consider necessary for the efficient and economical working of the coal-mining rights granted under such lease.

25. In case the surface rights of a coal-mining location are covered by a timber licence, grazing, or petroleum lease, mining claim or other form of terminable grant which does not contemplate the issue of patent, the lease shall not authorise entry thereon, except the permission of the Minister is first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

26. In case the surface rights of a coal-mining location have been patented or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the coal-mining rights cannot make an arrangement with the owner of the surface rights, or his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may, provided the mineral rights in the land affected with access thereto and the right to use and occupy such portion of the said land as may be necessary for the effectual working of the minerals therein have been reserved to the Crown in the original grant of the surface rights, apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing it shall be lawful for the lessee to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire:—

(a.) For the efficient and economical operation of the rights and privileges granted him under his lease;

(b.) The exact position thereof; and

(c.) The amount of compensation to which the owner or occupant shall be entitled.

The notice mentioned in this section shall be according to a form to be obtained upon application to the Agent of Dominion Lands for the district in which the land in question is situated, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served, by leaving it at, or sending it by registered mail to, the last-known place of abode of the owner, agent, or occupant, and by posting a copy of the same in the office of the Agent of the Dominion Lands for the district in which the land in question is situated. Such notice shall be served if the owner, or his agent, resides in the district in which the land is situated, ten days; if out of the district and if in the Province or territory, twenty days; and if out of the Province or territory, thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land refuses or declines to appoint an arbitrator, or when, for any reason, no arbitrator is so appointed in the time limited therefor in the notice provided for by this section, the Agent of Dominion Lands for the district in which the land in question is situated shall forthwith, on being satisfied by affidavit of such notice has come to the knowledge of such owner, agent, or occupant, or that such owner, agent, or occupant willfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent, or occupant, as above provided, appoint an arbitrator on his behalf.

27. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator, select a third arbi-

trator, and when such two arbitrators cannot agree upon a third arbitrator, the Agent of Dominion Lands for the district in which the land in question is situated shall forthwith select such third arbitrator.

28. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

29. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

30. The award of any two such arbitrators made in writing shall be final, and shall be filed with the Agent of Dominion Lands for the district in which the land is situated, within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

31. The arbitrators shall be entitled to be paid a per diem allowance of \$5, together with their necessary travelling and living expenses while engaged in the arbitration, and the cost of such arbitration shall be borne by the lessee.

These regulations shall come into force on the 25th day of May, 1910.
